Scarf:

This fun, easy and chic looking scarf, can be knit either fat or skinny, by adjusting the amount of stitches you cast on, and you can determine if you want it long or short. The pattern is multiples of 4, you will add to that whatever amount of stitches you want for the border on each end. For the scarf pictured, Cast on 24 stitches with 5 at each end for the border. The scarf will

roll a bit, so you can either block it when you are done, or use a damp cloth and steam iron to get it to lay flat. Determine if you want a skinny or fat scarf making sure it is divisible by four, adding equal stitches for left and right border, as that will be the number we will get to.

CO2: With MC

Round 1: Kf/b of each stitches (4 stitches)

Round 2 and all even round K all stitches

Round 3: Kf/b of 1st stitch, K to last stitch, Kf/b of last stitches.

Repeat Rounds 2 and 3 until you have the desired amount of stitches. Place a marker after your border stitches as you begin, and before the border stitches at the other side of the scarf.

With CC
