Materials:
1 skein Heritage Silk Sock Yarn by Cascade, 85% Merino Superwash 15% Silk, Color # 5637 (437 yds = 400 m, fingering weight), 1 set 4 dpns US # 1 (2.25 mm), or circular for magic loop, darning needle or third needle

Note: Very important! On the chart when you get to the row outlined in black on the cuff chart knit the first st then move it to make it the last st of the round. Keep going from here working the next st as the first st of ever round.

Leg:
Cast on 64 sts. Ribbing: (k2 p2) repeat to end of round. Continue ribbing until desired length, sample shown is 2". Work 6 sts of the cuff chart pattern 11 times each round. The first time you work the first row of the pattern chart increase the round by 2 sts evenly spaced, but only do this the first time. Continue working in pattern as set until cuff is desired length, sample shown is 6 1/2" from cast on edge.

Heel flap:
Row 1: (Slip 1, k1) repeat 16 times, 32 heel sts, turn work
Row 2: Slip 1, p31 turn work
Repeat rows 1&2 until heel flap is desired length, sample shown is 2".

Heel turn:
Row 1: Slip 1, k16, ssk, k1 turn work
Row 2: Slip 1, p3, p2tog, p1 turn work
Row 3: Slip 1, k to 1 st before gap, ssk, k1 turn work
Row 4: Slip 1, p to 1 st before gap, p2tog, p1 turn work
Repeat rows 3&4 until all heel sts have been worked.

Gusset:
Set up: K all heel sts, pick up and k 1 st for every slipped st along the edge of the heel flap. Instep: work 34 sts in foot chart pattern repeating the section outlined in black 4 times, pick up and k one st for every slipped st along the edge of the heel flap, and k half the heel sts. This point is the new start of each round. On the next row ONLY, knit through the back loop of the sts picked up from the heel, this will make them sit flat and not make holes.
1: K to 3 sts before instep k2tog k1 work instep as for set up, k1 ssk k to end of round
2: K to instep, work instep in pattern as set, k to end of round
Repeat rounds 1 and 2 until there are 30 sts on the bottom of the foot (64 sts total). Work round 2 only from gusset until foot is 2" less than desired length for foot.

Toe:
Hint: you may want to rearrange your sts so that you have half the sts on pair of dpns (or side of magic loop) and half the sts on the other.
K to end of bottom of foot, new beginning of round at the start of the instep sts.

1: K at sts.
2: (K1 ssk k26 sts k2tog k1) twice
Repeat rounds 1 and 2 until there are 24 sts total remaining. Then either kitchener the sts from either side of the foot together, or turn the sock inside out (you will have to break the yarn so leave plenty of slack when you do) and use a 3 needle bind off to close the toe. Sample shown uses 3 needle bind off method.
