Pom Pom Instructions: Take #8505 White and wrap it 25 times around three fingers. Carefully slide the yarn off your fingers, keeping the loops intact. Cut a separate piece of yarn long enough to tie around the center of the bundle. Place this piece underneath the bundle, then tie it tightly around the center with a double knot.

Next, use scissors to cut through both sides of the looped yarn, creating the pom pom shape. Trim and fluff as needed to form a neat, circular pom pom.

Tip: To make Santa's pom pom extra fluffy, use a yarn needle to gently tease apart the yarn strands. The more you tease the fibers apart, the fluffier your pom pom gets!
